AQUATICS & OPEN SWIM

Important Policies

Pool rules are enforced by the lifeguards. Follow all instructions by lifeguards. Lifeguards have the authority to make discretionary rules to maintain safety and prevent injury. Safe, appropriate behavior is expected by all swimmers and spectators. Anyone creating an unsafe environment will lose the privilege of swimming for a period specified by the CE & Rec Staff.

Supervision: Children (3–13) must be accompanied by an Adult (18+) at all times. Children 14+ with a high school ID are allowed at the pool unaccompanied. Children 6 years or younger must have an adult in the water with them and within arm's reach.

Locker Room: Do not leave anything unattended in the locker rooms. A lock is recommended if utilizing the lockers. We are not responsible for any lost or stolen items. Children 5 years or older must use the gender appropriate locker room. Locker rooms open 15 minutes before programs begin and close 15 minutes after last program of the day.

Pool Toys: Pool Toys from home must be approved by the lifeguard. No inflatable toys or swim aids allowed. Pool toys, swim aids, and lifejackets are provided but may not be available if classes on going on.

Special Rules: All activities involving prolonged breath-holding are prohibited.

Parking: Garfield Drive offers public parking, but availability may be limited due to events in Village Park across the street. We recommend arriving early to secure a parking spot.

North Pool Facts ...

Pool size is 25 Yards / 6 Lanes

American Red Cross Aquatic Program Level Guidelines

If your child is age 6 or older and has NOT participated in swim lessons through Menomonee Falls CE & Rec previously, they must be tested before enrolling in class. **Unsure what class you should enroll your child in for the next swimming session?** Assessments are available at the North Middle School Pool during Family Open Swim.

For more Aquatics Program information contact the CE & Rec office at (262) 255-8460.

Level	Age	Description
Tadpole Parent/Child 1	6 mo–3 yrs An adult must accompany the child in the water. Swim diapers are required.	This class offers a comfortable environment for parents and children to explore water through games and songs.
Frog Parent/Child 2	6 mo–3 yrs An adult must accompany the child in the water. Swim diapers are required.	Building on skills from P/C Level 1, this level introduces basic water skills such as kicking and floating through songs and games.
Turtle Preschool 1	3–6 yrs Child must be able to be in class without an adult.	Familiarize children with the aquatic environment and help them acquire basic aquatic skills.
Narwhal Preschool 2	3–6 yrs Successfully demonstrates all Preschool Level 1 skills.	Build on and improve skills learned in Preschool Aquatics Level 1. Helps children gain confidence in the water and introduces basic water safety topics.
Dolphin Preschool 3	4–6 yrs Successfully demonstrates all Preschool Level 1 & 2 skills.	Increase proficiency and build on the basic aquatic skills learned in Preschool Aquatics Levels 1 and 2.

Level Ages 6+	Age	Description
Level 1	6–12 yrs 42" tall	In Level 1, elementary aquatic skills are taught, which children will build on as they progress through the Learn-to-Swim levels. In addition to rhythmic breathing and floating, skills include various kicks and arm strokes.
Level 2	6–12 yrs 42" tall, Passed Level 1 or can demonstrate all required skills of Level 1	In Level 2, the main goal is to help children develop basic swimming skills. During the course, children will learn how to float without any support and recover to a vertical position. They will also get the opportunity to explore simultaneous and alternating arm and leg motion, which will set the foundation for future swimming strokes. Additionally, an introduction to deep water will be included in this course.
Level 3	6–14 yrs 42" tall, Passed Level 2 or can demonstrate all required skills of Level 2	Level 3 is designed to enhance the skills that children have learned in Level 2 through guided practice. At this level, children will learn how to coordinate the front crawl, elementary backstroke, and the fundamentals of treading water. They will also learn head-first entries and additional safety skills. The most important outcome of this level is for children to be able to swim comfortably in deep water.
Level 4	8–14 yrs Passed Level 3 or can demonstrate all required skills of Level 3	In Level 4, the goal is to help children gain confidence in the strokes they have learned so far and to improve their overall aquatic skills. During this level, they will learn to enhance their skills and endurance in familiar strokes such as front and back crawl. Additionally, they will be introduced to the elementary backstroke, breaststroke, and butterfly.
Level 5	8–14 yrs Passed Level 4 or can demonstrate all required skills of Level 4	The goal of Level 5 is to combine the skills taught in Level 4, such as elementary backstroke, breaststroke, and butterfly, as well as underwater swimming and surface dives.

Weekly Themes

A new theme each week with engaging activities, see details on following page!

Wacky Wednesdays

A dress-up day to allow children to coordinate with the weekly theme and enjoy a special frozen treat.

One Field Trip Each Week!

Trips vary on age group/location. Some of our favorites include:

- Strawberry picking
- Local pools
- Bear Den Zoo
- Rock N' Jump

Late registration is NOT accepted for Field Trip dates.

Step 1: Complete Annual Registration by May 28*

Annual Registration Fee of \$35* is required each summer before you may register for any individual dates. Complete annual registration online or return completed form to the CE & Rec office by May 28.

Register early, space is limited.

* Annual registration fees for Summer Kids INC & School Kids INC are separate.

Step 2: Register for Individual Dates

If annual registration has been completed, you may register your child for individual dates by the Wednesday prior to the week of participation.

- Online registration available until 10 PM Wednesday (or up until 10 PM Sunday for a \$5 late fee per day)
- Paper calendars can be dropped/faxed into the CE & Rec office by 4:30 PM Wednesday (or up until 4 PM on Friday for a \$5 late fee per day)
- Unregistered students will not be accepted at the sites *under any circumstances*.

A minimum of 2 days per week is required—Limited spots at each site

What if my child is attending Summer School?

The above daily fees apply. Register your child for the same site that they will be attending Falls Summer Academy. Our staff will make sure your child gets to and from the summer school classes they are registered for, *as long as they take place in the same school*. Falls Summer Academy locations are grades 4K–2 at Shady Lane and grades 3–5 at Valley View. There is NO transportation for students entering 6th grade and attending Falls Summer Academy at North Middle School or the high school.

PROGRAM POLICY NOTE: The Kids INC program is inclusive to students with differing abilities. If your child has special needs, please make sure to provide all pertinent information on the enrollment form. The staff will make every effort to provide a fun and safe experience for all. However, due to the nature of the program, staff cannot provide one-on-one support or individual care to a child. Students need to be potty trained and independent in the bathroom.

ENRICHMENT**Art Skills & Projects | \$10**

This class will allow students to experiment with drawing, sculpture and painting, while working with their teacher to develop their various art skills. Students will be able to take their projects home each week.

Being the Best Me

In this course, students will have fun while learning social skills such as problem-solving, building strong friendships, and teamwork. Students will work together to explore emotions, healthy coping strategies, and conflict resolution strategies important for school and community.

Bonjour! Fun in French

Calling all Francophiles! Do you know some French? Do you have an interest in learning more about French food and culture? In this class, we will learn basic French words and phrases. We will also use stories, songs and projects to learn about different French speaking countries.

Dance Dance Dance

Students will work on strength and flexibility while learning to dance to different genres like hip hop, country, rock, funk and more. They will also work on team building skills and see what it takes to be part of a group dance. On the last week of class, students will have the opportunity to perform for their parents. So, come on and dance!

Drama Camp

Does your child love to act, sing, and dance? Then get ready to create a full performance! Students will be immersed in the production process. They will help to write scripts, create costumes and props. They will work on building stage skills like volume, diction, characterization, confidence and dramatic expression, and will amaze you with all they can do in two weeks.

Golf for Beginners

Golf for Beginners will focus on the fundamentals of golf such as grip, stance and posture. Students will also learn the basics of chipping, putting and swinging.

LEGO Camp StoryStarter | \$10

LEGO StoryStarter is a course designed to develop skills in speaking, listening, language, and writing. In this hands-on-course, students will design different scenes/objects with LEGOs and then create a story to go along with their creation. Students will be able to bring a project home at the end of the session.

Let's Get Cooking | \$10

Let's Get Cooking is for any child who enjoys reading interesting books and creating unique and tasty treats in the kitchen. Each day we will read a book and then make a kid-friendly recipe! Students will also have fun learning about cooking safety, making healthy food choices and working cooperatively.

Mini Math Masters

This class is for students of all skill levels. Students will work on problem solving real-life events in a challenging and fun way, while developing their skills in Science, Technology, Engineering, and Mathematics (STEM). Students may register for both Session 1 and Session 2 as different unique activities are offered each session.

Page Turners

Calling all readers! This class is for students of all skill levels. Campers who would like to further their reading skills will have the opportunity to incorporate reading, writing and technology in this fun hands-on camp. Students will work on a storyboard, read a variety of literature, as well as explore and create multimedia projects. Students may register for both Session 1 and Session 2 as different unique activities are offered each session.

Playground Games

Students will have a blast while learning how to play popular and fun playground games. They will learn the rules, and skills such as teamwork and persistence. What a great way to form friendships and stay active.

SPORTS**Basketball Soccer Cardio (Grades 1 & 2)**

Students will learn the basics of basketball and soccer, as well as other cardio and endurance strengthening games, in this fun, fast paced camp. Campers will work on their soccer and basketball related skills through a variety of drills and games. You may only register child for one session.

ENRICHMENT**Bonjour! Fun in French *NEW!***

Calling all Francophiles! Do you know some French? Do you have an interest in learning more about French food and culture? In this class, we will learn basic French words and phrases. We will also use stories, songs and projects to learn about different French speaking countries.

Business Basics

Students will learn about earning, spending, saving money, and businesses they can start or jobs they can perform to earn money. They will also participate in playing the board games Monopoly and Life.

Chemistry and Cooking | \$10

This is a science class with a tasty twist. Students explore the science behind why foods interact and taste the way they do. They learn the scientific principles while doing hands-on experiments, many of which are edible. Each day explores a new theme, complete with a "case study" for students to take notes on and draw pictures.

Dance Dance Dance

Students will work on strength and flexibility while learning hip hop, jazz and pom moves. They will also try out their dance skills and see what it takes to be part of a group dance. On the last week of class students will have the opportunity to perform for their parents.

Golf for Beginners

Class will focus on the fundamentals of golf such as grip, stance and posture. Students will also learn the basics of chipping, putting and swinging.

Introduction to Robotics

The LEGO Education WeDo Construction Set introduces young students to robotics. Students will be able to build LEGO models featuring working motors and sensors. They will program their models, and explore a series of cross-curricular, theme-based activities while developing their skills in science, technology, engineering, and mathematics as well as language, literacy, and social studies.

LEGO Design | \$10

Using problem solving models, campers will investigate to understand the operation of simple and compound machines found in everyday life such as: wheels and axles, levers and pulleys, gears and more.

Math Masters

This class is for students of all skill levels. Students will use Science, Technology, Engineering and Mathematics (STEM) to solve engineering design challenges based on real events. This class will foster problem solving skills that include problem formulation, creativity, planning and testing of alternative solutions. Students may register for both Session 1 and Session 2 as they will offer different unique activities each session.

QUESTIONS? For questions regarding Falls Summer Academy programs for Grades 3–5, please contact Ms. Laura Alva-Garcia at alvalau@sdmfschools.org.

Page Turners

Calling all readers! This class is for students of all skill levels, and is designed to build comprehension skills and reading strategies through discussions and activities. Students will have fun designing creative projects that coincide with their books. Students will leave with booklists and a motivation to read all summer long. You may register for both Session 1 and Session 2 as they will offer different unique activities each session.

Scrapbooking | \$15

Help keep your special memories by creating a scrapbook. Students will put together scrapbook pages for a variety of topics, including pets, vacations, holidays, family, friends and much more. Bring your pictures to class or add them to your finished layouts later. Students will leave class with a special keepsake of their favorite memories. This year will focus on a seasons theme.

Sewing Skills and Crafts | \$15

In this sewing basics class you will learn hand sewing techniques, and how to use a sewing machine. We will cover projects from buttons and badges, along with other items and crafts. Have fun while learning the lifelong skill of sewing.

Team Building and Adventure Camp

Students will have a great time while participating in a variety of team building games and activities. We will use problem solving strategies, teamwork and creativity to compete in relay races and to complete obstacles.

Theater Camp

From start to finish, campers will learn what it takes to put on a play. They will work on projection, stage directions, developing scenery, and utilizing props for a performance they will put on for the other classes and their families.

Visual Art | \$10

Students will have the opportunity to use a variety of materials to create their own unique pieces of art.

World Adventures

Students will explore different countries and continents throughout the world, and learn information such as interesting facts, education experiences, food, climate, weather and more. As we travel throughout the world, we will read stories, listen to music and experience some of the local cuisine.

Creative Writing

Attention young and future writers! This is your opportunity to sharpen your short story, graphic novel or screen writing skills. Learn all about creating interesting characters, planning an attention grabbing plot, using descriptive writing that engages all of the senses and then putting it all together in a finished piece. Writers will develop these skills through interesting, short creative writing pieces

Code Studio

Code Studio is a computer science course that empowers students to create authentic artifacts and engage with computer science as a medium for creativity, communication, problem solving and fun. No experience needed, but if you have some, we can meet your needs. A typical day will find students engaged in self paced coding sessions, relaxing breaks, unplugged activities, and a final cool down time with different coding games.

LEGO Robotics

Students will be introduced to the LEGO Mind Storm education curriculum. This involves students partnering up and building a variety of NXT LEGO robots along with downloading specific programming customized to the specific bot the students are working with in order to accomplish a particular task. Students will be exposed to scratch programming, blueprint reading, problem solving, engineering skills and technological concepts. Students will partner up to build and create working moving Education BOTS. This is sure to be a fun and creative experience.

Open Studio Art | \$10

Students will have access to a wide range of 2D and 3D materials. The atmosphere of this course is meant to be open and inspiring, allowing students to create original work at their own pace. This course is perfect for any student who is interested in exploring visual art in their own way. Students who thrive with support and structure will be provided with predetermined projects and art making processes. Art making stations available to students include a drawing and painting station with traditional and non-traditional materials, a sculpture station with found objects, cardboard, newspaper and more. We will also have a jewelry station. Students will also have the option to tie-dye a piece of clothing or fabric towards the end of the course.

Plan Your Ideal Summer Vacation

Get away this summer to where all the magic happens! In this interactive and fun class, you are the travel agent. We will learn about popular destinations and then plan a trip to somewhere awesome. Want to learn how to create your own road trip itinerary, play some games, learn travel budgeting, or plan the snacks? Take your travel passion to the next level in a class that encourages you to reach for the sky and explore your ideal summer vacation.

Play It Fitness

Do you need a little motivation to get out and stay active until your next wellness education class? Are you interested in learning new, fun and fast paced games such as tennis, basketball, football, soccer, and softball, that can be played at either a competitive or noncompetitive level? We will even learn some cardio workouts. Enjoy fun with your friends while getting a great workout.

QWERTY Camp

It's a fact that more and more middle schools and virtually all high schools are requiring students to submit highly polished, typed documents. In this high-energy, hands-on class, students will learn keyboarding skills essential for success in school, college, and eventually, the workplace. Come to this keyboarding camp and move from hunting and pecking to touch typing.

Spanish

Spanish is a great language to learn if you have ever wanted to travel the world and speak to people in their native language. The class is an introduction to useful conversational phrases and basic vocabulary, as well as cultural activities, foods, and crafts. Topics range with age and experience of students and may include (but may not be limited to): animals, families, and jobs/professions.

Summer Finance Literacy **NEW!**

Learn more about banking, personal finance, credit, consumerism and investing through real-life experience. This course will include online simulations such as "How the Stock Market Works." Students will create a budget as middle schoolers enter the working world. We will also take trips to the Trading Post and Falls Fan Gear store at the high school to learn how these stores are run by the students of Menomonee Falls High School.

Tween Cuisine | \$15

What do Rachel Ray, Jamie Oliver, and Julia Child all have in common? You guessed it - their love for cooking. This course will give you a chance to develop your passion for cooking. We will spend time searching for recipes or even brainstorming our own recipes, cooking, serving and eating. We'll also have a friendly competition and host a bake sale.

SPORTS

High School Sneak Peek

This transition to high school course is designed specifically for incoming freshmen and other students who will be new to the high school. Students will participate in a variety of activities to help them become familiar with the lay out of the building, staff, requirements, expectations, clubs, activities, and procedures. They will hear guest speakers, interact with the high school environment, and receive help disseminating materials designed for high school students. Be part of this meaningful interaction between and among students, high school teachers, guidance counselors, administrators, and upperclassmen.

ENRICHMENT

Prep for AP Art Studio*

This course is intended to prepare students for any of the four AP Studio Art Portfolio courses offered at MFHS. Weekly assignments will encourage artistic exploration, and daily writing will enhance creative thinking skills. Students will develop and hone their ability to visually communicate using various art mediums. Artwork created is used for the Breadth portfolio submission to the College Board.

Prep for AP Biology*

This course includes a required summer assignment for AP Biology. Specific details about this assignment will be shared with students during meetings held in June, prior to the end of the school year. All meetings for the course will be held online during office hours determined by the instructor. HS staff will contact student with dates and times.

Prep for AP Chemistry*

This course includes a required summer assignment for AP Chemistry. Specific details about this assignment will be shared with students during meetings held in June, prior to the end of the school year. All meetings for the course will be held online during office hours determined by the instructor. HS staff will contact student with dates and times.

Apprenticeships* The Department of Workforce Development's Youth Apprenticeship Program offers students a chance to earn while they learn. The program is targeted at high-demand workforce areas specific to the State of Wisconsin. For more information, contact Lisa Kiefer, Coordinator of Career Programming at KiefLis@sdmfschools.org

Einstein Relativity

General relativity presents one of the most interesting intellectual challenges in physics. This mini-course treats the subject in a way that is accessible for students both mathematically and conceptually. We will cover time dilation, length contraction, and relativistic velocities, as well as the history of its development and current applications.

FBLA Officer Team Development*

This course is for newly elected FBLA officers. The team will learn each others roles, create a program of work for the new school year, create the organization's financial statements, prepare for registration, and more.

High School Success 101

Take control of your time and give yourself the best opportunity for success. Learn the organizational skills, time management and study techniques you need to make your study time more efficient.

Internships*

This class serves as a work experience for students. Students use their job as a chance to learn basic workplace skills. Students will be required to complete out-of-classroom activities that demonstrate their knowledge and growth. For more information or to enroll in this course, contact Lisa Kiefer, Coordinator of Career Programming at KiefLis@sdmfschools.org.

Manufacturing and Robotics | \$25

This hands-on project based course will introduce students to our FIRST Robotics team, focusing on design, build, and computer programming. Our main goal will be to learn basic power tool safety, and basic computer programming which will allow us to assemble a robot chassis that is able to move using an Xbox controller.

SPORTS

Boys Diamond Development* M-Th at Trenary

This course for incoming 9th graders is designed to help the athlete develop throwing, hitting, catching, pitching, and fundamentals of baseball. Please dress for outdoor weather. Classes will be held at Trenary Field.

Girls Basketball, Strength, Conditioning & Leadership*

This course is for girls basketball players who want to spend time on becoming a better basketball player outside of the basketball court. As important as skills are, the best teams are physically fit and win in the weight room as well.

Running Phoenix

This class is for students who wish to improve their cardiovascular conditioning and overall physical fitness through stretching, running and lifting weights. **Grade 10-12 students who successfully complete the class with good attendance may earn .5 elective physical education credit.**

Speed Agility and Strength

This class will focus on the importance and value of exercise. Cardiovascular fitness, strength development, muscular endurance, speed development, and flexibility will be promoted through the use of all physical education facilities and equipment. Other areas that will be covered include strength training program design, proper spotting techniques and weight room safety. **Grade 10-12 students who successfully complete the class with good attendance may earn .5 elective physical education credit.**

* Students may register for both sessions of this class if desired.

FIT in the PARKS

Menomonee Falls, Wisconsin

FIT in the Parks is a health and wellness series brought to you by the Village of Menomonee Falls community partners. This summer, **FREE** activities will be held in various parks throughout the Village. Registration is required, but walk-ins will be accommodated as space allows.

How Do I Cancel a Registration?

Please contact the CE & Rec office at (262) 255-8460 prior to the first class for a refund.

Returned Check Policy

A \$30 service charge is assessed on all checks returned due to insufficient funds.

Residents/Nonresidents

Residents: A resident is defined as a taxpayer or a dependent of a taxpayer that resides in the Village of Menomonee Falls (this includes renters). Children who do not live in Menomonee Falls but attend a public school within the School District of Menomonee Falls are considered residents, but their parents are considered nonresidents. **Nonresidents:** A nonresident is defined as a person who does not live within the Village of Menomonee Falls. Nonresidents who register using false information will forfeit their right to participate and no refund will be given.

Age Minimum

Participants registered for any class must meet the minimum age requirement prior to or on the first day the class begins. Please do not request to have your child put in a class where they do not belong. The ages are set to ensure the safety and benefit of the participants as well as the program leaders.

Fee Policy

Program fees are assessed in order to defray the cost of program operation. The CE & Rec Dept. believes in providing program services to all who desire to participate in recreation activities.

- A 5% sales tax is included in the fee on all non-instructional programs.
- Program fees are not prorated.

Waiting List

Any participant who desires to enroll in a class that is full may place their name on the waiting list. There are no guarantees for placement.

SCHOOL DISTRICT OF MENOMONEE FALLS

Community Education & Recreation

Enhancing the quality of life by providing recreational, educational, and social opportunities in partnership with schools, organizations, and the community.

100% Program Satisfaction Guarantee

The CE & Rec team is constantly striving to provide you with high quality recreation activities, events and programs. We are confident that you will like these programs, so confident that we will ensure our promise to provide that high quality. If you or your child are participating in a program, and you are not completely satisfied, please notify us. We will send you a refund application to complete. Once we have received your completed application, we will then arrange for you to do one of the following:

- Repeat the class at no charge
- Credit your account to be used on a future registration
- Receive a refund

Requests must be made on the provided application within 10 business days after the program has been completed. Exclusions to this policy include all Adult and Youth Athletic Leagues, Club Sports, Red Cross Safety Classes, Trips, 3-Year-old Preschool and Kids INC.

Swim Lesson Transfer/ Cancellation Policy

Check with your child's instructor, or wait until your child has completed their current swim level before registering for the next session of swim. A \$10 fee will be charged for any transfers or cancellations.

Cancellations

When the School District cancels due to weather conditions, all CE & Rec activities will also be canceled. Cancellations due to inclement weather will be announced on our website and our Program Information Line at (262) 255-8376. Participants will be notified by email, in writing or by phone of any cancellations caused by instructor or facility changes. If classes cannot be rescheduled due to inclement weather, refunds may not be given.

Senior Discount

The fees for programs listed in the 55+ section reflect a small discount.

Medical Conditions

If there is any medical condition or other information you are aware of that could affect someone's participation in a recreation program or activity, please contact the Department to discuss this matter, and notify your instructor on the first day of class.

Insurance Policy

The CE & Rec Dept. does not provide accident insurance for participants in any of its programs. All participants assume some inherent risk of injury from their involvement in the programs or activities outlined in this brochure.

No Smoking/No Alcohol Use Policy

The use of all tobacco products or drinking of alcoholic beverages on premises owned by the School District of Menomonee Falls is forbidden by State Law. Your cooperation in upholding this law is mandatory.
