This handbook provides a quick reference to the employment practices that are necessary for every employee to know. The handbook will not cover all policies and procedures, however employees are still responsible for complying with all Board of Education policies and procedures located at <https://go.boarddocs.com/wi/mfalls/Board.nsf/Public>. The handbook is updated periodically to continually meet the operational needs of the District in supporting all of its employees; to establish more effective and efficient operations; and to reframe the attention of each employee in supporting the District and all our students.

Please read and become familiar with this information. Do not hesitate to request clarification on any District policy or procedure references or other provisions in this handbook. You may direct these questions to the Human Resources Division.

All employees who are not under an individual employment contract per Wisconsin Statutes § 118.21 and 118.24 are at-will employees and nothing set forth in this handbook shall be interpreted to provide any guarantee or contract for on-going employment.

PART I: PROFESSIONAL RESPONSIBILITIES AND EXPECTATIONS

A. ACCIDENT/INCIDENT REPORTS – BOARD POLICY 722

All accidents/incidents occurring on District property, school buses, or during the course of school-sponsored activities, including field trips and other away events, are to be reported to the building principal or supervisor immediately. Reports should cover property damage as well as personal injury. A completed accident report form must be submitted to the building principal, supervisor, or Business Services Office within twenty-four (24) hours. In the event of a work-related accident or injury, please see the Worker’s Compensation provision of this Handbook.

B. ATTENDANCE

The District expects employees to make every effort to be present for work. Employees are expected to adhere to their assigned schedule and arrive on time. Employees are expected to perform all assigned duties and work all scheduled hours during each designated workday, unless otherwise requested or approved by the employee’s supervisor. At times, it may be necessary for the supervisor to alter the hours of work and/or schedule to meet the needs of the District.

For all hourly employees, breaks and meal periods may only be taken during times approved by the employee’s supervisor and as specified in the chart below:

Hours Worked	Requirements
Less than 4.0 hours	No paid breaks
4.0 hours up to 6.0 hours	One paid fifteen (15) minute paid break if schedule allows - Employee may not leave premises - May not be used to shorten work day
6.0 hours or more	One unpaid thirty (30) minute duty-free lunch – Employee may leave the premises during lunch One paid fifteen (15) minute paid break if schedule allows - Employee may not leave premises - May not be used to shorten work day

Employees who are unable to report to work for any reason shall follow the applicable school or division procedures for reporting their absence. A reduction in hours worked, tardiness, a complete day of absence, or any other time off duty must be accounted for in Skyward’s Time Off System and, if required, the Frontline Absence Management System (Aesop), to request a substitute for the position, using the appropriate reason codes. In all circumstances, approvals must be obtained from the employee’s direct supervisor or Human Resources. The District will monitor attendance and absence patterns.

For hourly employees, the exact time of arrival and departure must be accurately recorded daily on an employee’s time record. These are legal records and must reflect actual time worked. Time worked includes all time (on premises or off premises) that an employee is required to be performing work for the District. Time worked off premises will be limited and only available in specific times of District need. The District records time worked for hourly employees in fifteen (15) minute increments. The District reserves the right to dock an employee’s pay for lateness of increments greater than seven (7) minutes and

will dock pay to the next quarter hour. Any breaks taken in excess of those allowable in the above chart will be unpaid and require prior approval from the employee's supervisor.

Salaried employees will observe the normal workday schedule for each school/division and additionally may have responsibilities which extend beyond the normal workday including, but not limited to, meetings, special events, and duty assignments

Any deviation from assigned hours including, but not limited to, overtime, compensatory time (as applicable to hourly employees only), and breaks must have prior approval from the employee's supervisor. Any requests for medical accommodations which would require a deviation from the employee's regular work schedule must be submitted to the Human Resources Division for review and approval.

Employees may not allow anyone to log their time worked, use their ID badge, or District keys. Theft of time, improper modification of time worked records, failure to notify the District of an absence, and/or failure to report to work may result in disciplinary action up to and including termination.

C. BULLYING OF STUDENTS PROHIBITED – BOARD POLICY AND PROCEDURE 411.1

Bullying and harassment, whether by other students, staff, or third parties, has harmful social, physical, psychological, and academic impact on bullies, victims, and bystanders. The District does not tolerate bullying or harassment of students in any form, including sexual harassment. This policy applies not only to students or staff who directly engage in an act of bullying or harassment, but also to students or staff who by their indirect behavior, condone or support another student's or staff member's acts of bullying or harassment. The policy applies both on school grounds and during activities that occur off school property if the student or employee is at any school-sponsored or school-related activity or function, such as field trips or athletic events where students are under the supervision of school authorities, or where an employee is engaged in school business. The District will take all necessary and appropriate action to eliminate it, up to and including discipline of offenders and expulsion.

For more information, please see Board Policy and Procedure 411.1

D. CHILD ABUSE AND NEGLECT REPORTING – BOARD POLICY AND PROCEDURE 454

Wisconsin law requires any employee of a Wisconsin public school district who has reasonable cause to suspect that a child has been abused or neglected or who has reason to believe that a child has been threatened with abuse or neglect, and that abuse and neglect of the child will occur, to report the suspected child abuse and neglect to the Waukesha County Department of Health and Human Services at (262) 548-7212 (regular office hours M-F 8am-4:30pm) and (262) 547-3388 (after hours M-F 4:30pm-8am, Sat, & Sun).

For more information, please see Board Policy and Procedure 454.

E. CONFLICT OF INTEREST – BOARD POLICY 690.1

A conflict of interest is any judgment, action, relationship, or employment that may benefit an employee or another party the employee is affiliated with because of the employee's position with the District. Employees may not obtain or seek to obtain contractual or other business or financial relationships with the District. No employee may use his/her position in the District to obtain financial gain or anything of more than nominal value for the benefit of himself/herself or his/her immediate family, or for an organization with which he/she is associated, and for which there is no intention or the appearance of an intention to influence the employee in any decision-making processes. Employees must disclose

information of any transaction that may be considered a conflict of interest as soon as they become aware to their supervisor and the Human Resources Division.

An employee shall not engage in any employment activity or enterprise for compensation outside of his/her District employment if it is inconsistent or in conflict with his/her duties with the District. District leadership will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

F. CHARGES/CONVICTIONS FOR ACTIVE EMPLOYEES - OBLIGATION TO REPORT

All District employees shall notify the Division of Human Resources as soon as possible, but no more than three (3) calendar days after any indictment, charge, conviction, no contest plea, guilty plea, deferred prosecution, or other adjudication of the employee for any of the below:

1. Any felony;
2. Any misdemeanor;
3. Any ordinance violation/ticket related to theft, misappropriation, drug possession, drug paraphernalia possession, or disorderly conduct;
4. Crimes involving attempt by fraudulent or unauthorized means to obtain or alter any certificate, license, or permit that would entitle any person to hold or obtain their position with the District;
5. Crimes that occur wholly or in part on school property or at a school-sponsored activity; and
6. An offense of operating under the influence, revocation or suspension of license, and driving after revocation or suspension if the employee drives or operates a District vehicle or piece of mobile equipment, or transports students or staff in any vehicle.

An indictment, charge, conviction, no contest plea, guilty plea, deferred prosecution, or other adjudication of the employee shall not be an automatic basis for an adverse employment action. However, if the offense giving rise to the arrest or indictment is substantially related to the employee's job, the District may discipline the employee, up to and including termination.

G. DISCIPLINE

An employee may be subject to disciplinary action, up to and including termination, for unacceptable work performance, violations of Board policies and procedures, violations of the provisions of this Handbook, or other cases of misconduct both on and off duty. Many, but not all, of the prohibited behaviors are listed in Board Policy 517: Employee Rules of Conduct. Generally, discipline is progressive in nature and may include: written reprimand, suspension, disciplinary demotion, or termination of employment. Specific disciplinary actions will depend on the behavior and/or frequency of occurrences and may not be progressive.

The District may initiate an investigation when an allegation(s) of misconduct is made. The District reserves the right to place the employee on immediate paid or unpaid suspension during the course of the investigation. Every District employee has an affirmative duty to provide to his/her supervisor(s) or any other District official assigned to investigate all relevant and factual information about matters pertinent to such investigation or inquiry. Employees failing to volunteer such information shall receive a directive from an administrator to provide a statement. If an employee fails to cooperate (including falsifying information, providing misleading information, omitting information, or is nonresponsive) with the District's investigations or inquiries, it will constitute "insubordination," a violation that will be grounds for disciplinary action itself.

Upon completion of the investigation, if the District finds cause, the District may assess and implement appropriate discipline, up to and including termination.

H. DRUG, ALCOHOL, AND TOBACCO-FREE WORKPLACE – BOARD POLICY 522.1

The District seeks to provide a safe drug-free workplace for all of its employees. Consuming or being under the influence of drugs or alcohol while acting within the scope of their employment, and/or while the employee is responsible for the supervision of students (i.e. coaching, field trips, etc.) is prohibited.

Prohibited Acts - Drugs and Alcohol: The manufacture, distribution, dispensation, possession, use of, or presence under the influence of, alcohol, inhalants, controlled substances or substances represented to be such, or unauthorized prescription medication is prohibited while on school property, while performing job duties/functions, or at school/school-related activities. In addition, the District will not condone the involvement of any employee with illegal drugs, illegal possession or consumption of a prescription drug, and/or drug paraphernalia, even where the employee is not on District property or performing their job functions.

Tobacco Products, Vaping Products, and other Electronic Nicotine Delivery Systems (ENDS): Employees shall not use tobacco or vaping products, as well as other electronic nicotine delivery systems (ENDS) on District property, in District vehicles, or while at school/school-related activities.

Reasonable Suspicion Testing: All employees shall be required to undergo alcohol and drug testing at any time the District has reasonable suspicion to believe that the employee has violated the District's policy concerning alcohol and/or drugs. Alcohol or drug testing may be conducted when there is reasonable suspicion to believe that the employee has used or is using drugs or alcohol prior to reporting for duty, while on duty, while supervising students, or prior to or while attending any District function on or off District property. Refusal to consent to testing will have the same disciplinary effect as a positive drug and/or alcohol test.

Additional Testing and Requirements: Employees moving to another position may be required to undergo additional physical examinations/tests or alcohol/drug testing, depending on the classification of their new position. During the pre-employment physical, a drug screening may be required according to District hiring practices.

Employees required to possess a commercial driver's license may be required to undergo additional drug testing in accordance with relevant law, DOT regulations, and/or Board policies and procedures.

I. DRESS CODE/PERSONAL APPEARANCE

It is the District's expectation that every employee's appearance is consistent with the high standards set as representatives of the District. Employees are expected to present a well-groomed, professional appearance, to practice good personal hygiene, and wear appropriate dress for work that is in good taste and suitable for the job. If, as part of an employee's position within the District, he/she is provided a uniform and/or safety attire, the expectation is that it will be worn accordingly and kept clean and in good repair. If employees have uncertainty about acceptable business attire for work, they should ask their supervisor or Human Resources staff. District and building administrators will collectively determine a consistent dress code for all employees, including criteria for days designated as casual days.

The District will not tolerate dress or attire from school employees that the principal or supervisor considers disruptive, inappropriate, or which adversely affects the educational or work atmosphere. If clothing fails to meet these standards, as determined by the employee's supervisor or Human Resources staff, the employee will either be asked not to wear the inappropriate item to work again or will be sent home (without pay, if applicable) to change their clothing. If the problem persists, the employee may be subject to disciplinary action.

J. EMAIL, DISTRICT AND EMPLOYEE COMMUNICATIONS, TECHNOLOGY – BOARD POLICY 522.7

District employees are expected to abide by the following rules when using information technology and communication resources. District staff are expected to model appropriate and healthy use of both professional and personal technology, including but not limited to, social media accounts, email accounts, webpages/sites, online forums and platforms, vlogs/blogs, and/or District educational accounts, resources, and tools. District Communications:

Official information from the District will frequently come through email correspondence to the employee's SDMF issued email address. It is the responsibility of the employee to regularly check their email to be informed of up-to-date information. When creating, using, or storing messages on the network, the user should consider both the personal ramifications and the impact on the District should the messages be disclosed or released to other parties.

Extreme caution should be used when using or attaching confidential information in the electronic messages, as confidentiality cannot be guaranteed, especially in regards to student records, other District records, personnel records, and health information.

Electronic mail transmissions and other uses of the District's electronic communications systems or devices by employees shall not be considered confidential and may be monitored at any time by designated District staff to ensure appropriate use. This monitoring may include, but is not limited to, activity logging, virus scanning, content scanning, as well as any external electronic storage devices.

User Responsibilities: District employees are responsible for their actions in accessing available digital resources. The following standards will apply to all District employees:

4. All resources or materials accessed by the employee shall be directly related to the education of students, the professional development of the employee, or the management of these resources. The District expects its employees to exercise sound, moral, and reasonable professional judgment in this matter. Persons wishing to record a meeting must obtain consent from anyone arriving late to any such meeting. Employees shall not electronically record telephone conversations unless all persons participating in the telephone conversation have consented to be electronically recorded. These provisions are not intended to limit or restrict electronic recording of publicly posted Board meetings, Board level grievance hearings, or any other Board sanctioned meeting recorded in accordance with Board policy. These provisions are not intended to limit or restrict electronic recordings involving authorized investigations conducted by District personnel, or authorized agents of the District, or electronic recordings that are authorized by the District, e.g., surveillance videos, extracurricular activities, voicemail recordings, continuous improvement activities, classroom instruction for District use, etc.

Personal Web Pages, Email, and Social Media Accounts: Employees may not misrepresent the District by creating or posting any content to any personal or non-authorized website/social media account that purports to be an official/authorized website/social media account of the District. No employee may purport to speak on behalf of the District through any personal or other non-authorized website/social media account or email account. This includes an employee or groups of employees having/creating personal or departmental/group websites/social media accounts for work purposes and/or to be shared with or accessed by students and and/or families. Staff must work with the Communication Division for any social media or website needs.

Employees must be respectful and professional in all communications (by word, image, implication, and other means). Employees shall not use obscene, profane, or vulgar language on any social media network or website or engage in communications or conduct that is harassing, threatening, bullying, libelous, defamatory, or that encourages any illegal activity, the inappropriate use of alcohol, the use of illegal drugs, sexual behavior, sexual harassment, or bullying. Employees may not post images of students on any public social media network if the parent has opted out of image use of their child, except for images of students taken in the public arena, such as at sporting events or fine arts public performances.

District Resources: District computers, network resources, and other electronic or digital devices may be provided for instructional, developmental, and management purposes for use by staff. Such resources may not be used to disrupt educational or management functions. 2. During established hours of employment or while an employee is acting within the scope of their employment, no employee or other person on their behalf may solicit or receive from any employee any contribution or service for any political purpose, where a “political purpose” includes an act done for the purpose of influencing the election or nomination for election of a person to office. Furthermore, no person may enter any District building, office, or facility in order to request, make, or receive a contribution for a political purpose.
3. No school employee shall use in any way the classrooms, buildings, or students for the purpose of solicitation, promotion, election, or to support or defeat any referendum, candidate for public office, legislation, or political action. This provision does not apply to the use of District facilities by employees for events or activities that are not within the scope of their employment and that are held pursuant to the District’s policies regarding facilities use by third parties.
4. No school employee shall make use of school equipment, resources, or materials for the purpose of solicitation, promotion, election, or support or defeat of any referendum, candidate for public office, legislation, political activity, or political action.
5. Employees have a responsibility to show objectivity and neutrality within the scope of their employment to ensure that various sides of an issue are presented in a balanced manner. While it is recognized that an employee has a right to maintain and express a particular point of view, the employee has an obligation to inform students that the position is a personal opinion and to present in a fair manner the alternate views of the issue. Please see Board Policy and Procedure 341: Teaching About Controversial Issues for more information.

The District will not directly or indirectly discourage employees from participating in political affairs or require any employee to join or contribute to any group, club, committee, organization, or association. Employees may join or refuse to join any professional association or organization. An individual’s employment will not be affected by membership or a decision not to be a member of any employee organization.

R. STUDENT NON-FRATERNIZATION – BOARD POLICY 515

Employees are prohibited from engaging in conduct with students that the District deems inappropriate including, but not limited to, engaging in any romantic or sexual relationships with students; fostering, encouraging, or participating in inappropriate emotionally or socially intimate relationships with students; initiating or continuing communications with students for reasons unrelated to any appropriate purpose; socializing with students outside of class time for reasons unrelated to any appropriate purpose; or providing alcohol (regardless of age) or drugs to students.

Employees with information regarding any prohibited relationships have a duty to report such relationship to their supervisor and the Human Resources Division.

For more information, please see Board Policy 515.

PART II: GENERAL EMPLOYMENT LAWS AND PROTECTIONS

A. EQUAL EMPLOYMENT OPPORTUNITY – BOARD POLICY 511

It is the policy of the District that persons seeking employment with the District shall not be discriminated against in employment by reason of their age, race, creed, color, religion, handicap or disability, pregnancy, marital or parental status, sex, citizenship, national origin, ancestry, sexual orientation, arrest record, conviction record, military service, membership in the National Guard, state defense or reserves, political affiliation, use or nonuse of lawful products off the employer's premises during nonworking hours, declining to attend a meeting or to participate in any communication about religious matters or political matters, the authorized use of family or medical leave or worker's compensation benefits, genetic information, physical, mental, emotional or learning disability, or any other factor protected by local, state or federal law in all employment practices including terms, conditions and privileges of employment. Reasonable accommodations shall be made for qualified individuals with a disability, unless such accommodations would impose an undue hardship on the District. Requests from current employees for accommodations under the Americans with Disabilities Act or under the Wisconsin Fair Employment Act must be made in writing using forms obtained from Human Resources. Individuals unable to submit this form in writing or needing help in completing this form can contact the Human Resources Division for assistance.

For more information, please see Board Policy 511.

B. GRIEVANCE POLICY AND PROCEDURE – BOARD POLICY AND PROCEDURE 547

The District offers employees a grievance procedure to provide an efficient and fair method for resolution of disputes related to employee termination, employee discipline, and workplace safety issues.

The grievance procedure is intended to provide an orderly process for a prompt and equitable resolution when a concern has not been resolved. The District intends that whenever feasible, grievances be resolved at the lowest possible administrative level.

An employee has the right to bring a grievance to the District's attention without reprisal. Filing a grievance will not adversely affect an employee's employment status.

For more information about the requirements and steps of the grievance procedure, please see Board Procedure 547.

C. DISCRIMINATION, HARASSMENT, AND BULLYING – BOARD POLICY AND PROCEDURE 512

The District is committed to providing fair and equal employment opportunities and to providing a professional work environment free of all forms of discrimination, harassment, and bullying. The District shall not tolerate discrimination, harassment, or bullying based on any personal characteristic as described in the Equal Employment Opportunity provision. Discrimination, harassment, and other unacceptable activities that could alter conditions of employment, or form a basis for personnel decisions, or interfere with an employee's work performance are specifically prohibited. Sexual harassment, whether committed by supervisory or non-supervisory personnel, is unlawful and also specifically prohibited. In addition, the District shall not tolerate acts of non-employees (volunteers, vendors, visitors, etc.) that have the effect of discriminating, harassing, or bullying District employees in the workplace.

All employees are responsible for ensuring that discrimination, harassment, and bullying do not occur. Anyone who believes that he/she has been the subject of discrimination, harassment, or bullying or has knowledge of violations of this policy shall report the matter to Human Resources or to the Title IX Coordinator for incidents of sexual harassment. Reports of discrimination, harassment, and bullying shall be made as soon as possible after the alleged acts. A failure to promptly report these may impair the District's ability to investigate and address the matters. A person who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding prohibited harassment is subject to appropriate discipline.

All reports regarding employee harassment or bullying shall be taken seriously, treated fairly and promptly and be thoroughly investigated. Individual privacy shall be protected to the greatest extent possible. Retaliation against an employee alleged to have experienced harassment, a witness, or another person who makes a report or participates in an investigation is strictly prohibited. Actions that are determined to be discrimination, harassment, or bullying, as well as the failure to report these, shall be subject to disciplinary action, up to and including termination.

For more information, please see Board Policy and Procedure 512.

D. VIOLENCE IN THE WORKPLACE

Violent or intimidating behavior of any kind or threats of violence, either direct or implied are prohibited on District property and at District sponsored events. The District will not tolerate such conduct by its employees, former employees, contractors, visitors, or volunteers.

An employee who has received a restraining order, temporary or permanent, against an individual who may impact the employee at work, shall immediately supply a copy of the signed order to his/her supervisor and Human Resources. The supervisor shall provide copies to the other appropriate supervisors and inform other employees on an as-needed basis.

The District will investigate all complaints filed and may investigate in other situations where no complaint was filed but was brought to the District's attention. Retaliation against a person who makes a good-faith complaint regarding violent behavior or threats of violence made to him/her is also prohibited.

An employee who exhibits violent behavior shall be subject to disciplinary action up to and including termination and may also be referred to the appropriate law enforcement agency.

E. WEAPONS PROHIBITION

Firearms and dangerous weapons are prohibited on all property of the District. For purposes of this policy, "weapons" include, but are not limited to, firearms (whether loaded or unloaded), knives, billy clubs, tasers or similar electronic control devices, ammunition, explosives and any other device, instrument or substance which, in the manner it is used or intended to be used, could cause death or great bodily harm. See Wis. Stat. §§ 120.13(1), 948.60, 605.61 for the further definition of "weapons."

This prohibition does not apply where state law prohibits a school district from restricting any individual's right to possess a firearm or other weapon in a location covered by this policy (e.g., law enforcement officers possessing a firearm or other weapon on school grounds in the line of duty).

In addition to this policy's general prohibition on weapons, District employees are specifically prohibited from possessing or carrying weapons while in the course and scope of performing their duties and, to the extent permitted by law, when they are performing their duties off of District property.

F. WHISTLEBLOWER PROTECTION

The District encourages its employees to share their concerns or complaints with someone who can address them properly. No District employee may be retaliated against for disclosing information regarding:

1. A violation of any state or federal law or local ordinances
2. A violation of the policies and procedures of the Board of Education or the District
3. Alleged mismanagement, criminal activity, or alleged abuse of authority within the District
4. Alleged substantial waste of public funds
5. An alleged danger to public health or safety

A District employee may disclose the information to the Superintendent. If the complaint or concern involves the Superintendent, then it should be reported to the President of the School Board.

No employee who makes a good-faith report under this policy (or who cooperates in inquiries or investigations) shall suffer harassment, retaliation, or adverse employment consequences. Reports deliberately falsified may result in disciplinary action, up to and including termination.

G. WORKER'S COMPENSATION

Reporting Responsibilities: All employees shall be covered by Worker's Compensation Insurance. Any employee who is injured on the job must immediately (within twenty-four (24) hours), report the injury to their immediate supervisor or the Human Resources Division if their supervisor is unavailable prior to seeking medical attention if at all possible. The employee must call the Nurse Advantage Hotline to report the incident. The "Work Comp Kit" containing the information needed can be obtained from a custodial office, the District Administrative Offices, or a principal's office. It is essential that all injuries are reported immediately (within twenty-four (24) hours) no matter how minor they may appear at the time. If care is sought at a later time/date, that must also be reported. The supervisor must submit the information to Human Resources.

Benefits While on Worker's Compensation: If any employee is injured while performing duties for the District, the District shall continue to provide worker's compensation insurance and the employee will receive his/her worker's compensation payment. The employee, subject to the rules and regulations of the carrier, may be eligible for long-term disability leave. Additionally, the employee may concurrently be placed under federal FMLA leave if they, themselves, have a serious health condition and otherwise qualify under the federal FMLA guidelines.

All available benefit payments are determined by the Worker's Compensation Insurance carrier.

Return to Work with Restrictions: Should the District determine that work is available within physician proscribed restrictions and the District is able to meet those restrictions, the employee is required to return to work. Rejection of an offer to return will be considered a voluntary resignation.

Injuries Not Covered by Worker's Compensation: Some types of injuries suffered while at work may not be covered by worker's compensation insurance. Examples of non-covered injuries suffered at work include, but are not limited to, the following:

1. Injuries because of an intentional self-inflicted wound.
2. Injuries sustained because of an employee's horseplay.
3. Injuries sustained while an employee does an activity of a strictly private nature.

H. WORKPLACE SAFETY – BOARD POLICY 720 AND 723

Adherence to Safety Rules: All employees shall adhere to District safety rules, policies, procedures, protocols, and regulations and shall report unsafe conditions or practices to the appropriate supervisor.

Disaster Preparedness: All employees must become familiar with building procedures in the event of emergency such as fire, tornado, intruders, etc. When drills are staged, every staff member and student must follow proper procedures.

PART III: EMPLOYMENT MATTERS

A. COPYRIGHT – BOARD POLICY 771

Infringement on copyrighted material, whether prose, poetry, graphic images, music, video or computer-programmed materials, is a serious offense against federal law, a violation of Board policy, and contrary to ethical standards required of staff. All reproduction of copyrighted material shall be conducted strictly in accordance with applicable provisions of law. Unless otherwise allowed as “fair use” under federal law, permission must be acquired from the copyright owner prior to reproduction of material in any form. Employees are further advised that copyright provisions apply to all forms of digital media.

B. DISTRICT PROPERTY

The District may supply an employee with equipment or supplies to assist the employee in performing his/her job duties. All employees are expected to show reasonable care for any equipment issued and to take precautions against theft. Employees may not take District property for personal use or gain. Any equipment, unused supplies, or keys issued must be returned prior to the employee’s last day of employment, including, but not limited to employee identification badges, key fob for building entry, keys, iPads/notebooks/tablets, iPods, computers, laptops, phones, and other District resources and materials. District equipment borrowed for short term use should be returned the first work day after project completion.

C. EVALUATIONS – BOARD POLICY 538

Evaluation of an employee’s job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee’s assigned job duties, District core competencies, and other job related criteria. All employees will participate in the evaluation process with their assigned supervisor. Written evaluations will be completed according to the District established evaluation systems and processes.

D. EXPENSE REIMBURSEMENT

The District shall reimburse employees for expenses incurred while working or conducting business on the District’s behalf, which have prior approval from the employee’s supervisor. Employees will be reimbursed for mileage and other travel expenditures according to the current rate schedule established by the District. Employees must submit detailed receipts to be reimbursed for expenses other than mileage. Requests for final reimbursement for expenses from the District must be submitted within 10 business days of separation from employment. Failure to request reimbursement for expenses or provide appropriate substantiation of the incurred expenses in accordance with the above will result in the employee not being reimbursed.

E. IDENTIFICATION BADGE

All staff members, during work hours, are required to wear the photo ID badge issued to them by the District. Human Resources will issue an ID badge to all new employees. Loss or damage of the ID badge must be reported to Human Resources immediately. Loss or damage to the ID badge may result in a fee for replacement. The badge is the property of the District and must be returned upon retirement, resignation, or termination.

F. JOB DESCRIPTIONS

Job descriptions are available for review in Human Resources. At a minimum, the descriptions will include the job title, the title of the supervisor, the minimum qualifications, physical and mental demands, and the essential functions of the position.

G. MEDIA RELATIONS

All media requests and inquiries must be directed to the Director of Communication.

H. NAME AND ADDRESS CHANGES

It is important that employment records be kept up to date. Employees must notify Human Resources and Payroll if there are any changes or corrections to their name, home address, contact telephone number, marital status, emergency contact, or beneficiary. Each employee is required to provide Human Resources and their immediate supervisor with current contact information in case of emergency. The District will require appropriate documentation of any legal change prior to making the change for District purposes. This can be done through Skyward's Employee Access.

I. PERSONAL PROPERTY

The District does not assume any responsibility for loss, theft, or damages to personal property. The District advises employees not to carry unnecessary amounts of cash or other valuables. If employees bring personal items to work, they are expected to exercise reasonable care to safeguard them. The District is not liable for vandalism, theft, or any damage to cars parked on District property or District leased locations.

J. PERSONNEL FILES

Examination of files must be accomplished in the presence of the person officially charged by the Superintendent with custody of those files. The employee's personnel file or any part thereto may not be removed from the visual presence of the official custodian (Human Resources staff). An employee shall have the right, upon request, to have copies made of any documents contained in the personnel file except those delineated in § 103.13(6), Wisconsin Statutes. The employee is expected to pay for the cost of making copies (\$0.25 per page). If you have a need for a copy or copies from your employment record, a written request is required.

After reviewing his/her personnel records, the employee has the right to request that records he/she believes to be inaccurate be removed from his/her file. If the District denies the request, the employee has the right to file a written rebuttal statement and to have that rebuttal attached to the disputed record. If the District intends to release the disputed record to a third party, the District must also release the attached employee rebuttal statement to the third party.

Personnel files are considered confidential except to the extent they are subject to open records laws or requests and other mandatory or regulatory rules or laws.

K. PROFESSIONAL DEVELOPMENT – BOARD POLICY AND PROCEDURE 540

Staff development activities are organized to meet the needs of employees and the District. Staff development for instructional personnel is related to achieving District performance objectives, student achievement, specific licensing requirements, and/or legal obligations and must be approved by a District administrator or his/her designee.

L. RECORDS – BOARD POLICY 825

Employees shall use confidential information appropriately and with respect for the rights of other employees, students, and their families. Confidential information shall not be used for personal gain/purposes or to the detriment of the District. In the event it is determined that an employee has used access to confidential information for personal gain/purposes or to the detriment of the District, said employee shall be subject to discipline, up to and including, termination.

Wisconsin public records: As a public entity, District records and other information may be subject to disclosure pursuant to an open records request as outlined under Wisconsin’s Public Records Law, Wis. Stats. § 19.31 et. seq. Employees should be aware that all District-related records are subject to Wisconsin Public Records Law and administrative policy and procedure, including all information transmitted by, received from, or stored in electronic mail systems and computer hardware and/or software, whether provided by the District or personal.

Student records: All student records and information are confidential and may not be used or accessed without authorization.

M. REDUCTION IN STAFF

In the event the Board of Education determines it is necessary to reduce the number of staff employed, the District will make every attempt to provide timely and appropriate notification. The following criteria may be used in the review/determination process. This list is not exhaustive and not all criteria listed below are applicable to all employee groups.

- Needs of the District
- Qualifications and skills
- Training, professional growth, and adaptability
- Performance and evaluations
- Length of service to the District
- Certification and licensure
- Involvement in extra-curricular activities and committees
- Student growth
- Professional preparation for job duties
- Professionalism
- Communication skills
- Previous or current discipline
- Collegial and stakeholder relationships

A reduction in force, including layoff, or dismissal of employment for any reason does not require the District to recall those employees in any order or to recall the individuals at all.

N. REHIRE PHILOSOPHY

As a practice, the District will not rehire retired employees except in special circumstances, such as covering a temporary leave of absence in a hard to hire area or as a substitute teacher/EA. The District will comply with all WRS reporting requirements with regard to employee status and is not responsible for any impact to annuity payments based on re-employment.

O. RESIGNATION/RETIREMENT

All employees must give written notice of their intent to resign or retire from their position with the District using the District's Resignation/Retirement Form, which requires employees to provide a forwarding mailing address, email address, and phone number. All District keys, books, property, including intellectual property, and equipment must be returned on or before the employee's last day of in-person work.

Retirement: All Teachers/Certified Staff (non-administrator) must notify the Human Resources Division no later than February 15th of their intent to retire at the end of the current school year.

All Administrators must notify the Human Resources Division no later than March 1st of their intent to retire at the end of the current school year.

All Educational Assistants (*Regular Ed, Special Ed, & Health Room*) must notify the Human Resources Division no later than April 1st of their intent to retire at the end of the current school year.

All Other Non-Instructional Support Staff must notify the Human Resources Division sixty (60) days in advance of their anticipated retirement date.

See the appropriate employee group appendix for more specific details on retirement benefit eligibility.

Resignation: Employees who are not under an individual employment contract (non-administrative) may resign their positions at any time without penalty. The resignation form must be submitted to the Human Resources Division.

Employees who are under an individual employment contract may resign their position for the following school year without penalty at the end of the current school year (June 15) and may only resign at any other time with the approval of the Board of Education. Those resigning or retiring in violation of the terms of their contract shall be required to reimburse the District in accordance with the following schedule of liquidated damages:

- \$1,000 for breaches occurring prior to July 1;
- \$2,000 for breaches occurring on or after July 1 but prior to August 1; and
- \$3,000 for breaches on or after August 1.

If monies are due as of the last day worked, the liquidated damages amount may be deducted from any remaining paychecks as a payroll deduction(s). The Human Resources Division, in the exercise of its sole discretion, may waive the right to pursue the collection of liquidated damages from an employee for extremely limited and extenuating circumstances.

Administrators' individual employment contracts contain liquidated damages provisions and any monies due the District for breach of contract shall be collected as stated in the above paragraph.

P. SCHOOL CLOSINGS – BOARD POLICY 723.1

Should inclement weather or other emergency situation(s) require the District to close school(s), the following procedures shall be followed:

- If conditions warrant the closing of schools, automated calls will be placed to employee home phone numbers beginning at 6:00 a.m. (or as soon as practicable) using the District’s School Messenger System. Staff may also be notified by the District’s email service.
- The School Messenger System will be used to announce any deviations from the regular school day schedule.

Q. SOLICITATIONS

External individuals, groups, and organizations often wish to solicit employees to support a particular activity or organization. This solicitation may be charitable, political, or for other purposes. All solicitations of employees must be approved in advance by the Superintendent and be consistent with Board Policy.

R. WORK SPACES

Employees shall have no expectation of privacy with respect to any item or document stored in or on District-owned property, which includes, but is not limited to, desks, filing cabinets, mailboxes, lockers, tables, shelves, and other storage spaces in or out of the classroom. Accordingly, the District may at any time and in its sole discretion conduct a search of such property, regardless of whether the searched areas or items of furniture are locked or unlocked.

S. WORK STOPPAGE

Employees of the District shall not engage in, condone, assist, or support any strike, slowdown, or sanction, or withhold in full or in part any services to the District.

T. VISITORS AND BUILDING ACCESS – BOARD POLICY 860

The District’s goal is to maintain maximum security and safety at a minimum of inconvenience to our employees. All visitors must check in at the main office and if appropriate, be escorted by authorized personnel to their destination. Employees who observe an unauthorized individual on District property must immediately direct him/her to the building office or contact the administrator in charge.

For more information, please see Board Policy 860.

PART IV: MANAGEMENT RIGHTS

Management retains all rights of possession, care, control, and management that it has by law, and retains the right to exercise these functions. The exercise of such powers, rights, authority, duties, and responsibilities by the Board, the adoption of policies, procedures, rules, regulations, and, practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only to the precise extent such functions and rights are explicitly, clearly, and unequivocally restricted by the express terms of this Handbook/individual contracts and then only to the extent such specific and express terms hereof are in conformance with the Constitution and laws of the State of Wisconsin and the United States. These rights include, but are not limited to, the following rights:

- To direct all operations of the school system;
- To establish and require observance of reasonable work rules and schedules of work;
- To hire, promote, transfer, schedule, assign, and re-assign employees in positions within the school system;
- To suspend, discharge, and take other disciplinary action against employees;
- To relieve employees from their duties because of lack of work or any other legitimate reason;
- To maintain efficiency of school system operations;
- To take whatever action is necessary to comply with state or federal law, or to comply with state or federal court or agency decisions or orders;
- To introduce new or improved methods or facilities;
- To select employees, establish quality standards, and evaluate employee performance;
- To transfer and/or place an employee qualified for the position within the District;
- To determine the methods, means, and personnel by which school system operations are to be conducted;
- To take whatever action is necessary to carry out the functions of the school system in situations of emergency;
- To determine the educational policies of the District; and
- To contract out for goods and services.

PART V: PAY AND OTHER COMPENSATION

Employees are paid in accordance with administrative guidelines and an established pay structure. All District positions are classified as exempt or nonexempt according to federal law. The District will comply with all Fair Labor Standards Act provisions and federal regulations mandated by the Department of Labor and other applicable federal regulatory entities. Additionally, as applicable the District will comply with the Wage and Hour/Labor Standards as mandated by the Wisconsin Department of Workforce Development.

Employees will be paid by direct deposit on a semi-monthly payroll distributed over 12 months.

A. COMPENSATORY TIME AND OVERTIME

Only non-exempt employees may be compensated for overtime at the time-and-a-half rate with compensatory time off (comp time) or direct pay. All overtime must be approved by the employee's supervisor prior to the employee working the additional time. If overtime is worked and not approved by the supervisor prior to the work being completed, the employee will be subject to discipline, up to and including dismissal.

For non-exempt hourly employees, overtime will be calculated based on a forty (40) hour work week. Paid leave will not be included in the forty hour work week calculation. For example, if the non-exempt employee's normal work week is Monday through Friday for eight hours per day and the person works three days (Monday, Tuesday and Wednesday), takes Thursday and Friday as paid leave (i.e. vacation or sick), and is then called in to work Saturday, he/she only has twenty-four hours that would be used to determine potential overtime earnings.

The employee's supervisor has discretion to determine whether to pay any overtime as compensatory time or direct wages. If compensatory time is granted by the supervisor, the employee must complete the compensatory time submission form. This must then be submitted to payroll. The maximum amount of time that an employee may accumulate at any given time is twenty-four (24) hours. The compensatory time will be calculated at 1.5 hours for each hour of overtime worked. It is the responsibility of the employee's supervisor to verify and track the compensatory time worked. If an employee requests the use of compensatory time, the supervisor will not unreasonably deny the request.

All compensatory time accrued but not used by the end of the fiscal year (June 30), will be paid on the next payroll processing. Should an employee terminate employment prior to using any accrued compensatory time, the allocation will be paid out on his/her final paycheck.

B. DIRECT DEPOSIT

All employees shall participate in a direct payroll deposit plan. Pay stubs may be accessed under Skyward Employee Access. Each employee shall have access to their electronic records.

C. DEDUCTIONS AND GARNISHMENTS

Pay is subject to all deductions required by law. The amount of the deductions will depend on earnings and the amount of exemptions claimed on individual W-4 forms. If an employee wishes to change their exemptions or additional withholdings, he or she must request, complete, and return a new W-4 form to the payroll office.

Voluntary deductions may be deducted from an employee's pay at the direction of the employee. This includes, but is not limited to, benefit payments for benefit plans offered by the District, charitable donations, etc. They must be authorized by the employee in writing and submitted for approval to the Business Office and/or Human Resources Division.

Should employment be severed and monies are due to the District for any reason, unless other arrangements have been agreed upon by the District and the employee, the District will deduct those funds from any remaining payments due to the employee. This includes payroll as well as reimbursement expenses and voluntary deductions.

The District is required to honor garnishments, wage assignments, and levies as prescribed by law. Properly authorized garnishments require withholding pay based upon a formula established by law. The Business Services Office notifies all individuals for whom garnishments are received.

PART VI: LEAVES AND ABSENCES

Employees available paid leave hours will be noted in Employee Access – Time Off. All paid time off may be allowed in hourly increments of one-half (½) day or one (1) full day hourly equivalents. Employees hired during the year will receive a prorated amount of paid leave. Part-time employees will receive leave on a pro-rated basis based upon the number of hours they are scheduled to work.

Requests for approval of any time off shall be entered in Skyward (Time Off) and shall be made as far in advance as possible (minimum of ten (10) calendar days). Administration has the right to approve or deny all requests. It is at the District's discretion as to how many employees will be granted leave on any particular day based on District needs. If the District is unable to meet student needs, the District may cancel prior approved time off.

If an employee takes paid (non-FMLA) leave and does not return to work for the District, the employee agrees to reimburse the District for any paid sick leave taken.

A. BEREAVEMENT/FUNERAL LEAVE

Leaves of absence for employees for the death of an immediate family member shall be limited to three (3) days per incident without loss of pay and leaves of absence for employees for the death of a non-immediate family member shall be limited to one (1) day per incident. Part-time employees will receive bereavement leave on a pro-rated basis based upon the number of hours they are scheduled to work. Leave granted under this entire provision shall not be cumulative.

Immediate family includes the spouse, parents, children, siblings, grandchildren, grandparents, step-relatives or in-laws of the same relationship as provided herein of the employee and his/her spouse.

Non-immediate family members include aunts, uncles, cousins, nieces, and nephews of the employee or his/her spouse.

In extenuating circumstances, additional days may be granted by the Superintendent or his/her designee. Any such discretionary leaves granted shall not establish any precedent and shall not be subject to the grievance procedure.

The District retains the right to request documentation of the reason for the requested leave.

B. FAMILY AND MEDICAL LEAVE ACT – BOARD POLICY 546.1

In accordance with Federal and State law, the District will provide family and medical leave to eligible staff for certain qualifying leaves. To determine if you are eligible or qualify for family and medical leave refer to Board Policy 546.1 Family and Medical Leave of Absence. This policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 (FFMLA) and the Wisconsin Family and Medical Leave Act (WFMLA). To the extent that this policy is ambiguous or conflicts with the FMLA or WFMLA, the FMLA and the WFMLA will govern. When leave taken by staff is governed under both FFMLA and WFMLA, the more generous provision will apply.

In the event that a paid holiday falls within a period when an employee is on an approved FMLA leave, it shall be charged as a paid holiday and not deducted from the employee's earned sick leave.

For more information, please see Board Policy 546.1.

C. JURY DUTY LEAVES

Employees of the District will be released to fulfill citizenship obligations of jury duty. When an employee is summoned for jury service, he/she must notify his/her immediate supervisor as soon as the summons is received. Employees shall receive their full pay for their regularly scheduled work hours during the period of absence required to complete their obligation. The employee must remit to the District an amount equal to the compensation paid to him/her (minus travel costs) for such jury service and attach the summons and proof of service.

D. MILITARY SERVICES LEAVE

Employees will be granted all military leave rights available under the Uniformed Services Employment and Re-employment Rights Act (USERRA). Upon notification of the need for military leave, employees shall request leave through the Human Resources Division and notify their supervisor. The request must be accompanied by a copy of the military orders.

E. PERSONAL LEAVE AND FLEX TIME

Employees shall be entitled to up to two (2) days of personal leave each employment year and they shall not be used consecutively. Personal leave may only be used for compelling personal obligations which cannot reasonably be conducted outside of the employee's workday. Personal leave is not intended to be used as vacation time. Personal leave days shall not be used to extend a holiday, vacation, or a school recess period. School-based staff will not be granted personal leave days during the first or last week of a semester, on a parent-teacher conference day, or on an in-service day. Personal leave shall not be used to attend association membership meetings or legislative rallies, to engage in job actions such as picketing or demonstrating, or to participate in activities designed to embarrass or discredit the District. At the discretion of the Human Resources Division, personal leave during the above mentioned times may be approved for critical personal business that cannot be rescheduled for a different time.

Requests for approval of personal leave shall be entered in Skyward (Time Off) and shall be made as far in advance as possible, normally not less than ten calendar (10) days. Administration has the right to approve or deny all requests. It is at the District's discretion as to how many employees will be granted personal leave on any particular day based on District needs. If the District is unable to meet student needs, the District may cancel prior approved personal leave.

Part-time employees will receive personal leave on a pro-rated basis based upon the number of hours they are scheduled to work.

For those employees who earn flex time, flex time days may not be used consecutively. Flex time shall not be used to extend a holiday, vacation, use of other leave time, or a school recess period. School-based staff will not be granted flex time during the first or last week of a semester, on a parent-teacher conference day, or on an in-service day. Flex time is not intended to be used as vacation time.

Personal leave and flex time must be taken in one-half (1/2) or whole day hourly increments.

F. RELIGIOUS OBSERVANCES

The District is required to reasonably accommodate an employee's religious beliefs or practices, unless doing so would cause more than a minimal burden on the operations of the employer's business.

G. SICK LEAVE

Each employee shall be credited with one (1) day of paid sick leave per month worked prorated by the number of hours they are scheduled to work. Any employee retiring or resigning will be credited only with those days earned at the time employment is severed.

Employees may be requested by their supervisor or the Human Resources Division to provide medical substantiation for pre-planned non-FMLA related medical or dental appointments. If so requested, the medical substantiation must include the date, time and length of the appointment, and be provided within three (3) workdays after the appointment. Failure to provide appropriate medical substantiation will be deemed an unexcused, unpaid absence and subject to discipline, up to and including termination.

Any available sick leave shall be paid as detailed below:

1. Serious health conditions, illness, or injury of the employee, a spouse, dependent child, dependent step-child, or parent. If leave is qualified under FFMLA or WFMLA, the use of sick leave may be applicable beyond this definition.
2. Medical or dental appointments for the employee and/or dependent child that cannot be scheduled outside of the employee's regularly scheduled work hours. It is expected the employee report to work during scheduled work hours before and/or after the scheduled appointment.
3. An employee may have an opportunity to use sick leave in advance of earning the sick leave. If an employee is granted the opportunity to use sick leave in advance, a condition of approval would be if an employee terminates employment before earning the sick leave, he or she would be required to pay back all unearned sick leave. Additionally, as a condition of approval, any required reimbursement funds will be deducted from any remaining earnings owed to the employee from the final payroll. Any additional required reimbursement funds will be provided to the District via check within two weeks of the last paycheck date.

Sick Leave Accumulation: Sick leave for full-time employees will accumulate 1 day per month to a maximum seventy-two (72) days for 12-month employees and seventy (70) days for 10-month employees.

Sick Leave and Long-term Disability: In the event an employee becomes eligible for benefits under the District's long term disability insurance program (as applicable), the employee will no longer receive paid sick leave.

Reporting Procedure - Medical Substantiation: When possible, each employee will be required to inform his/her supervisor prior to his/her normal daily starting time of his/her need to be absent due to illness. Whenever the supervisor or Human Resources deems such verification appropriate, the employee may be required to furnish the District with medical substantiation of the illness signed by either a licensed physician or a nurse practitioner. Such certificate shall be in its original form (not a copy) and include the date(s) and medical reason why the employee could not report to work. The medical substantiation must also include a statement releasing the employee to return to work and a statement as to whether any limitations or restrictions are placed upon the work which may be performed. Any continuous leave of more than three work days requires a medical excuse to be provided to their immediate supervisor under the terms and conditions as stated above. Failure to provide appropriate medical substantiation within three (3) days of the absence will be deemed an unexcused, unpaid absence and subject to discipline, up to and including termination.

H. SICK LEAVE BANK

The District sponsors a sick leave donation program under which employees may donate some of their accrued but unused sick leave. The sick leave donation program is required to be administered within the guidelines of the IRS.

Employees who wish to donate sick leave must submit a written and signed request on the District's Sick Leave Donation Form. Employees are allowed to contribute up to three (3) days per year. These days will be subtracted from that employee's current sick bank of days available to them. The District will ask for sick leave bank donations each year. At District discretion, additional donations may be allowed throughout the year. All unused days remaining in the sick leave bank at the end of the fiscal year will carry over to the next year. The bank will only be allowed to accrue 360 days from all sources.

Employees Eligible to Access Sick Bank Days: An employee is eligible to receive up to 6 sick days per number of years of their employment with the District (i.e. 3 years employed x 6 days = 18 days) out of the sick bank if they meet the following criteria:

- The employee is eligible to accrue sick leave.
- The employee is on an approved medical leave of absence relating to a medical emergency.
- The employee has provided appropriate documentation as requested by the District.
- The employee has exhausted all paid time off and leave, including vacation, personal days, sick leave, bereavement leave, and short-term disability benefits. (If leaves are applicable to the reason for the request).
- If a person should become eligible for long term disability benefits, sick bank days are no longer available to them. Should a person exhaust their long term disability benefits, they are no longer able to access the sick bank days.
- The employee experiences a material loss of income, which is defined under this program as more than 10 unpaid days, consecutive or intermittent, within a fiscal year period.

Some factors which will be taken into consideration are the serious and chronic nature of the condition, the specifics of the situation, the employee's performance, attendance record, and compliance with District policies and procedures.

For purposes of this program, a medical emergency is defined as a serious illness or other medical condition (such as a heart attack or cancer) of the employee or the employee's family member to include the spouse, parent, step-parent, dependent child, or dependent step-child that requires the employee to be absent for a prolonged period of time, including intermittent absences related to the same illness or condition.

Requesting and using donated sick leave: An eligible employee must submit a written request to the District outlining the reason for the request and the amount of sick leave requested. The District reserves the right to determine in its sole discretion whether a request satisfies all the criteria set out in this program and the amount available would be calculated based on the total days available in the sick bank. The total amount a person is eligible to receive in any given school year is limited to 25% of the remaining sick bank days. The amount of days will be rounded up to the next full day.

Requests for donated sick leave are not guaranteed. If more than one eligible employee requests leave from the donation bank, requests will be granted on a first-come, first-serve basis.

Donations may only be used to compensate the recipient-employee for approved time off. Donated sick leave may not be used for unapproved absences.

Donations will be processed at the recipient-employee's rate of pay. Part-time employees who receive donated sick leave will be paid based on their regularly scheduled hours of work.

Donated sick leave is not paid out on a separation of employment. If the employee returns to work before exhausting donated sick leave, the remaining donated sick leave will revert to the donation bank and become available for other eligible employees.

Employees are not eligible to accrue paid leave while using donated sick leave.

I. UNPAID LEAVES OF ABSENCE

Any unpaid leave of absence for any reason beyond those covered by the Family Medical Leave Act (FMLA), may be granted at the discretion of the District. A formal request and circumstances for the leave must be sent to the Human Resources Division as soon as the need is known but no less than twenty (20) calendar days in advance of the unpaid leave. An unpaid leave of absence may be obtained for a variety of employee-requested reasons and will be granted based on an individual's circumstances and the needs of the District. An unpaid leave of absence shall not be used for vacation, to extend a holiday, or to extend a school recess period. All applicable leave must be exhausted before an unpaid leave will be allowable.

Special consideration may be given to non-12 month employees for events that cannot be scheduled during non-work periods. Unpaid leaves for special circumstances shall be limited to three (3) unpaid work days occurring in a rolling consecutive three school year period. Criteria considered for approving unpaid leave shall include the employee having an attendance rate of 95% or better (excluding FMLA) and the employee's performance is meeting expectations.

During an approved unpaid leave of absence, if the employee was on the health, dental, and/or vision insurance, he/she will be provided the option of purchasing the District COBRA health insurance and will be expected to pay the entire cost of the employee's benefits subject to the approval of the health plan and all applicable vendors. During the unpaid leave, the employee shall retain accumulated paid leave, but shall not accrue any additional paid leave during the unpaid leave. Unpaid medical leave, the term of such leave, and participation in insurance programs under this section outlined above shall run concurrently with any leave(s) and benefits provided for under the Wisconsin Family and Medical Leave Act and/or under the federal Family and Medical Leave Act.

Return to Work: Upon return from any unpaid leave of absence, the District reserves the right to assign the employee to a position equivalent in terms of percentage of contract or prior position assignment, unless the employee's percentage of contract or prior position assignment was reduced or increased due to nonrenewal or reduction in force, whichever is applicable.

If the employee is taking the unpaid leave of absence for a medical reason for themselves, the employee will be eligible to return to work once he/she is physically able, provided: 1) the employee has indicated his/her intent to return, and 2) the employee has provided his/her physician's certification that he/she is able to return to work. The District reserves the right to designate another physician to confirm or refute the employee's physician's certification. The District shall cover all costs associated with a second certification.

A failure to return after expiration of the unpaid leave will be considered a voluntary resignation of the employee's position with the District. It will also constitute a waiver of any and all rights to further employment by the District.

PART VII: BENEFITS

All District benefits whether 100% District paid, contributory (paid for by both the employee and the District), or voluntary (paid for by the employee) will be subject to the summary plan description or plan document of that plan. Should there be a discrepancy between the summary plan description or plan document and any oral statements, clerical/administrative error or other written document, the summary plan description or plan document shall be the governing document.

The Employer has the right to modify or terminate benefits at any time, and for any reason, as to any part or in its entirety, without advance notice. If the Plan is amended or terminated, you may not receive benefits described in the Plan Document. If you do experience a qualifying event, you are responsible to notify the Human Resources Division within 30 days of the event to make a corresponding enrollment change. You are required to demonstrate or provide appropriate documentation to the Human Resources Division to establish that the life event has occurred and the date of the event to make the change.

Eligibility for, contribution amounts, and annuity fund options are set forth in the appropriate employee group appendix.
