Medical costs can vary a lot from one doctor to another – So it pays to shop around.

Your online services on umr.com include a free health cost estimator tool. With the health cost estimator you can:

- Search for the type of service you need
- Compare the true costs of care using real data from real doctors
- Check which providers earned our UnitedHealth Premium rating for cost and quality
- See the total charge for your treatment, and know what to expect from beginning to end

Find the right care and save with the health cost estimator tool on umr.com
