

Engage | Learn | Improve

As a result of the Affordable Care Act health care reform law, you will receive Form 1095-C by mail if you were:

- Considered a full time benefit eligible employee of the School District of Menomonee Falls any time in 2020; or
- Enrolled in the School District of Menomonee Falls self-insured health plan at any time in 2020

The 1095-C is being provided to you as proof of health coverage we offered to you and your family. It contains information about who provides the health insurance coverage, as well as specific details about the lowest cost self-only coverage that was offered to you.

If you were enrolled in the District's self-insured health plan, it will also indicate which members of your family were covered by the policy and the months of the year that each person was covered. This information will be used to assess whether you may be eligible for any tax subsidies. The information on the 1095-C may be helpful when filing your 2020 tax return, but does not need to be filed with your individual tax return. Keep it in a safe place with your other tax records.

The School District of Menomonee Falls is unable to respond to questions regarding your specific tax situation. If you need additional resources, please use the links below.

For a more detailed understanding of the codes and how the IRS will use them to administer the Affordable Care act you can see the following link:
