Benefits Information When You Need It Most

Available for iPhone and Android

Getting In Touch

The app provides employees and their enrolled dependents single-point contact information for benefits resources and insurance carriers.

Keeping Up-to-Date

The app automatically connects you with the most updated plan information and allows for message reminders from your employer.

Lightening Wallets

The app allows you to store images of your ID cards, freeing up space and giving you access when you need it.

Staying Organized

The app gives you access to benefit plan information and ID cards—all in one place.
